resume

➤ Profile

Motivated and passionate Information Science student with a strong foundation in front-end technologies, including HTML, CSS, and JavaScript. Committed to creating visually appealing and user-friendly websites, with a focus on enhancing user experience. Fluent in Amharic and English, with strong collaboration skills and the ability to connect quickly with others.

Summary

Currently a third-year student at Jimma University, expected to graduate in 2025/26. Eager to leverage my skills in a flexible job that encourages innovation and creativity. I have actively engaged in collaborative projects with fellow programmers from online platforms and have developed my own portfolio website showcasing my dedication to the field.
